

## PACIFIC RETINA CENTER

1412 SW 43rd St. Suite 206 Renton, WA 98057

**To prepare for your upcoming visit to Pacific Retina Center, here is a list of helpful suggestions.**

**1. Please be prepared to spend 1-3 hours for your initial appointment.**

- This visit includes a detailed history, comprehensive eye and retinal examination, additional testing as needed, discussion of your diagnosis and treatment plan with your doctor, and initial treatment if needed.

**2. Your eyes will be dilated (eye drops to enlarge your pupil) for your retina to be examined.**

- While the dilation wears off after several hours, your vision may be blurred and your eyes may be light sensitive after your visit. It's best to have someone to drive you after your initial appointment. For subsequent appointments, you can judge whether or not you need a driver.

**3. It is often helpful to have a family member or friend accompany you to your initial appointment.**

- Your doctor may give you a large amount of information and having “another set of ears” helps you recall what was discussed during your visit.

**4. Please bring to your appointment:**

- “New Patient” forms completed before arriving
- Your current eyeglasses or contacts
- A list of your medications, including eye drops and vitamins.
- List and dates of past medical issues and surgical procedures
- List of doctors you are seeing and the referring doctor's name
- A copy of your insurance card and a photo ID, such as a driver's license.
- Copay payment due at time of service OR \$250 initial deposit for non-insured patients due at check-in by cash or credit card only.

**If you have any questions, please call our office at (253) 236 – 5720**
